#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

## Notice

Thank you for purchasing a Humax HDR-FOX T2 Freeriew+ HD product.

### Freeriew+ HD explained

- Automatic recording**  
The start and end times of scheduled recordings will track the signal meaning the recording will start and stop at the time set by the broadcast. If a programme starts early or late the recording time will automatically be adjusted to record the whole programme.
- Series Recording**  
If a programme you wish to record is in a series, you can now record the whole series. If you choose this option, a different day or time the product will track these changes and still record the programme.
- Alternate channels**  
If a scheduled recording overlaps with other programmes set to record you will be given the option to record one of the programmes later that day or week, on the same channel or a different channel.
- Split Recording**  
If a programme has two parts split by another entry in the Guide, by a film divided in two parts by a News programme you will be given the option to split parts to record.

**Note:** The above Freeriew+ HD features are available on channels where the correct and accurate data is being broadcast. Some channels may not support all of the Freeriew+ HD services.
